

HOT STAMP - ART GUIDELINES & FOIL SELECTION

HOT STAMP ARTWORK GUIDELINES

- A movement of about 1/32" to 1/16" per color will occur. Designs with tighter registration must be pre-approved.
- More than 1 color imprinting is not available on some products.
- Minimum requirement for line thickness is 1 stroke point.
- Reverse out printing line thickness is 2 stroke points to avoid losing fine details.
- Artwork with a border, large coverage or fine print is not recommended as it may not produce a good quality imprint.
- Boxed artwork exceeding 5" x 5" will need approval.
- Halftones are not recommended.
- All artwork submitted is subject to review.

NOTE: Our imprinting processes operate in a post-production environment in which imprinting takes place on a product which is already constructed. In some cases folds and creases produced in manufacturing the bags result in some restrictions that may impact certain artwork's printability and available imprint area. Also, artwork position on post-printed products may vary slightly from product to product due to manual feeding.

The colors on this page are 4 color process simulations of Pantone colors or Foil colors. Actual colors may vary.
